Fancy a penal law against Commercial Travelers. Let some member of your legislature try to pass such a law In your State and then note what would follow. He would be mobbed. He would be hung to the nearest tree and he ought to be. Yet this kind of thing goes on in Hawaii. It is true the above mentioned section was repealed by act STOYE, STEAM & BLACKSMITH COAL of Congress approved April 30th of this year, but this law was in force up to June 14th of this year and then the merchants of Honolulu seek to carry out by combinations the law that was repealed by Congress.

We have not written about any of these things for the past few months 2-3 we thought the statements made would be looked upon as campaign lies, but ere you receive this letter the election will be over and the people will be settling down to business and they may be in a mood to hear the truth.
